Body Camera | DrivePro™ Body 52P

Transcend's DrivePro Body 52P body camera features a camera unit connected to the main unit by a flexible cable, allowing for a wide variety of attachment options. Tailor-made for law enforcement, private security, and other professionals, the DrivePro Body 52P is rugged and durable to withstand splashing water and shock. The camera features a Sony Exmor™ Sensor to capture high-resolution images with extremely fine tonal gradation even in low light conditions. With the built-in Wi-Fi function, the DrivePro Body 52P allows users to live-stream footage and snapshots to iOS and Android mobile devices.

Built-in Wi-Fi function for live streaming

360° rotatable clip, Velcro holder and belt holster included

- F/1.8 aperture and 130° viewing angle for clear and smooth 1080P recordings
- Quick snapshot button to take photos while recording
- Excellent shock and water resistant design
- Free download of DrivePro Body Toolbox (Windows only)
- Built-in Battery for up to 3.5 hours* of continuous recordings

*Recording time may differ based on environmental conditions.
